Introduction

The Trust and its Academies take their responsibilities to safeguard the welfare of children, young people and adults very seriously and all staff, no matter what their role, will be committed to their policies and procedures to ensure all individuals are kept safe, free from harm and have their needs and welfare promoted at all times. This includes the welfare of colleagues and those who have any role to play in the life of the Academy.

The Safeguarding of Children, Young People and Vulnerable Adults

1. Children and Young People

The Trust will implement the principles of The Children Act 1989/2004 which defines a child as one up to the age of their 18th Birthday. Children who have been accommodated by the Local Authority as a Looked After child at their 18th Birthday may need on-going Local Authority Support up to their 21st Birthday.

The Government Framework for Safeguarding Children, Working Together 2018, defines safeguarding as:

- protecting children from maltreatment;
- preventing impairment of children's health or development;
- ensuring that children are growing up in circumstances consistent with the provision of safe and effective care; and
- taking action to enable all children to have the best chances.

It is important to recognise that, in the light of lessons learned from National and Local Serious Case Reviews, the safeguarding of children and young people is more to do with the promotion of their welfare and needs throughout every aspect of Academy life. It is about the support, care and development of all children; staff will have children's needs in mind continually to ensure they are always the primary focus. The protection of children is only one aspect of the need to safeguard and promote their welfare. Working Together defines child protection as:

“Part of safeguarding and promoting welfare. This refers to the activity that is undertaken to protect specific children who are suffering, or are likely to suffer”.

All Learn-AT academies adopt the Leicestershire County Council model Child Protection Policy as the basis for their individual academy policies.

2. Vulnerable Adults

The Trust will fulfil its duty of care to those adults who may be vulnerable when appropriate and each Academy will follow the same procedures for dealing with concerns for children.

Each Academy will also take particular account of adults who are vulnerable:

- Those who are over 18 years of age and for whom there are concerns
- It may become clear that a member of a child's family needs help and the Academy's contact and relationship with them means advice, help or referral might be offered
- Colleagues/members of staff who may be vulnerable and need support.

A broad definition of a 'vulnerable adult' (referred to in the 1997 Lord Chancellor's Department consultation paper 'Who Decides?') is a person aged over 18 years of age:

“who is or may be in need of community care services by reason of mental or other disability, age or illness; and who is or maybe unable to take care of him or herself against significant harm or exploitation”.

3. Context of the Policy

This Policy should be read in conjunction with the Trust Safeguarding Practice Guidance document which will be available to all staff. In addition, it takes account of:

- The Children Acts 1989 and 2004
- Working Together to Safeguard Children 2018
- Keeping Children safe in Education 2019
- Leicestershire and Rutland Safeguarding Children Partnership
- The Counter Terrorism and Security Act 2015
- What to do if you are worried a child is being abused 2015
- Safer Working Practices May 2019
- Leicestershire County Council Safer Working Practice Leaflet
- OFSTED Inspecting Safeguarding 2019

- Education Act 2002, Section 175
- Freedom of Protection Act 2012
- No secrets – Vulnerable adult

In addition, each academy has related policies in place which may need to be cross-referenced:

- Anti-bullying
- Whistleblowing
- Complaints and Discipline
- Managing allegations against adults working within the Trust
- E-safety

Policy Statement:

- The welfare of the child is paramount (Children Act 1989/2004)
- All children irrespective of their age, cultural background, disability, gender, language, racial origins, religious beliefs, sexual orientation have the right to be protected from abuse
- All teachers, including Principals, will safeguard children's well-being and maintain public trust in the teaching profession as part of their professional duties (Teacher Standards updated 2013)
- All suspicions and allegations of abuse will be taken seriously and responded to without delay
- Senior Managers will take responsibility for ensuring that such concerns are dealt with and responded to in line with Academy procedures
- All staff, including temporary or agency staff as well as visitors to Academies will subscribe to the Academy policy and procedure and will report any concerns accordingly
- All staff will recognise that often their duty of care might go beyond just the presenting concern as it may highlight relevant and connecting issues in and for the rest of the family.

In order to fulfil these requirements, each academy will:

- work to prevent or eliminate, as far as is possible, incidents of, or threats from, any form of abuse within any academy;
- ensure it has all policies and procedures in place that are up-to-date and relevant for the safety of all and to ensure all concerns

are progressed speedily and efficiently, even at an early preventative stage;

- ensure that there is absolute certainty about the named people responsible for safeguarding and this information is known to all;
- have in place reviewing and auditing mechanisms to ensure that all staff, volunteers and other appropriate people are fulfilling their responsibilities and that current systems are effective;
- offer assurances and undertakings to children and their parents/carers of the care their children will get and the framework for dealing with the prevention of harm and abuse;
- ensure that it has in place appropriate training programmes to maintain staff awareness of their responsibilities in relation to child and adult protection; and
- ensure that it complies with all relevant national and local changes in legislation, guidance and protocols.

The Learn-AT Central Team will:

- ensure that all policies and procedures are reviewed and updated in line with national and local requirements and appropriate changes are disseminated to all academies;
- ensure that there are systems in place to support the effective management of safeguarding, especially the role of DSLs, training for all staff and supervision as appropriate;
- ensure that there is available to academy principals someone who can offer appropriate external advice and support with safeguarding concerns, especially when they are complex and/or relate to allegations against adults working within the Trust; and
- ensure quality assurance processes are in place and oversee the information they produce to measure the progress and effectiveness of existing safeguarding frameworks.

4. The Voice of the Child

The Trust is committed to providing the best care and support to help all children grow and reach their full potential through its academies and central team. It will promote the importance of the child being at the centre of all it does, especially when dealing with concerns about them.

Each academy will:

- establish and maintain an ethos that children are of primary concern;
- provide opportunities for children to talk and be listened to;
- make clear to children who the adults are in the academy that they can go and talk to;
- consult with the child, where appropriate, when dealing with a concern about them, ensuring they have shared any information important to them, including what they want to happen;
- record accurately and without prejudice any information shared by a child, or others, about them;
- create opportunities for children to understand the need for their own safety and how they can get help for others when needed; and
- ensure that the diverse needs of the child will be treated respectfully and sensitively when seeking to help and support them, especially if that involves the need for referral to other agencies.

5. Think Family Approach

Each academy will do its utmost to work in partnership with the child's family, acknowledging that best outcomes are achieved with their involvement and participation. Each academy will ensure that details of the child's family, including significant people within the household, are clearly documented and reviewed annually and updated whenever the academy is informed of any changes.

In assessing how best to support a child, consideration will be given to:

- what is known about the child's family;
- the family's consent;
- the family's participation in the resolution of any concerns;
- whether any other family member may themselves need help, especially other children and/or vulnerable adults.

Each academy will respond to concerns for children in need of help, especially protection. The Trust recognises the duty to respond speedily to any concerns expressed about a child's welfare. It will ensure each academy follows its procedures, ensuring that all concerns are reported to the Designated Safeguarding Lead (DSL), their deputy or nominated person in their absence and without delay. (See Practice Guidance for step by step procedure and flowchart).

Each academy will have in place escalation processes so staff can take their concerns elsewhere if they are not taken seriously or disagree with action agreed. This may involve contact with the Learn-AT central team.

Each academy will record the concern, no matter how minor and review the progress of the action of that concern to achieve resolutions and outcomes.

Staff from the central team may, as part of their duties and on visiting academies, need to report concerns they identify in the appropriate way.

Given the high profile Learn-AT places on everyone's duty to report concerns, no matter how small or seemingly irrelevant, staff who do not do so may increase risk and may be subject to disciplinary procedures.

Learn-AT and its academies will fulfil the requirement to work alongside other agencies when required to seek further advice or help or to make a formal referral for more formal action.

Allegations against adults within the trust will always be dealt with by the headteacher or, if the allegation is about them, the CEO and will be given the highest priority. The Learn-AT central team may need to assist in such a process. (See Learn-AT policy for Managing Allegations against Adults) **All Learn-AT headteachers must have completed the Leicestershire County Council Managing Allegations Against Staff training.**

6. Special Circumstances

The document "Keeping Children Safe in Education 2019" identifies those circumstances where children and young people will be particularly vulnerable. All academies will provide additional care and support in these situations and be especially alert to the need to pass on concerns to the DSL without delay.

The Learn-AT Safeguarding Practice Guidance document outlines such circumstances and gives advice about seeking help.

One of the special circumstances described relates to the trust's legal duty set out in the Counter Terrorism and Security Act 2015 and through statutory guidance on Prevent, to have due regard to the need to prevent people from being drawn into terrorism.

7. Safer Recruitment

Learn-AT will ensure that all recruitment is subject to safer recruitment procedures to allow for a robust, transparent and equal process of making sure all people employed in the trust are suitable to work with children. Support and advice is available to all Learn-AT academies and the Trust Central team from StoneKing

Appropriate HR processes (Recruitment Process Learn AT and Learn AT Single Central Record SCR Guide) will be followed, including DBS requirements. No member of staff will be allowed to work without being approved to do so and after the process of safer recruitment is fully complete.

All Learn-AT headteachers must have undertaken accredited Safer Recruitment training and at least one member of the Local Governing Body.

8. Information Sharing

Each academy will promote the importance of information sharing as a means of ensuring how best to support children and young people and especially progress any concerns through thorough assessment.

Within each academy, information will be shared as appropriate and on a need-to-know basis acknowledging that some level of feedback to staff who have raised a concern will be important if they are to understand ways to continue supporting a child, relevant information about the family and/or if further action may be needed.

9. Training

The trust will ensure that every member of staff undertakes safeguarding training appropriate to their role. Each academy will follow the Learn-AT Safeguarding Training Programme for all staff. Senior Managers will ensure that staff are meeting the requirements for training at their level and each member of staff will take responsibility for their own development, ensuring they enquire as to when appropriate training needs to be done, especially refresher training. (See Learn-AT Safeguarding Training Programme)

This requirement will apply to Senior Managers in all academies, including the Learn-AT central team, trustees and local governors.

10. The Academy Prospectus and Website

Each academy's prospectus and/or parents' handbook will contain appropriate information to inform parents/carers and their children and other appropriate interested parties of the commitment to safeguarding and highlight key aspects of how each academy will deal with any concerns, especially those against members of staff.

Each academy website will have this and all related policies available for easy access by staff, parents, children and young people.

11. Supervision

Safeguarding supervision offers a formal process for professional support and learning as well as for overseeing the work, development and competence of those within a lead safeguarding role within each Academy.

It is important to promote high standards of practice and to ensure that the expectations of the trust in people in these roles are being met. It is a formal process which is an integral part of the Trust's commitment to safeguarding and in supporting key roles within each Academy.

In particular, DSLs will have such supervision via the Trust CEO to support their role as well as termly DSL meetings to review and develop their practice.

Those offering such supervision will undertake appropriate training as offered by Leicestershire and Rutland Safeguarding Children Partnership, Leicestershire LA, Learn-AT or organisations such as the NSPCC. The role is best undertaken by a senior member of the organisation, such as a principal, lead DSL, or executive headteacher who is well informed about the day to day work of the academy and the concerns that may arise, as well as an understanding of the work of the DSLs in dealing with them. (See Safeguarding Training Curriculum).

12. Quality Assurance

Each Academy will ensure that safeguarding processes are monitored and audited according to trust policy and reviewed to ensure that they are achieving quality outcomes for safety and support and to inform any improvement in overall policy and practice.

Learn-AT has in place a framework for quality assurance measures throughout different levels of each academy and within the central team. This information should be made available to key staff, and where appropriate children/young people and their parents/carers in a way that reassures them that processes are in place and constantly reviewed.

13. Review of Policy

This policy will be fully reviewed every twelve months alongside the annual report of the previous year.

Last Review: November 2019

Next Review: November 2020
